DETAILED INFORMATION

CHLORELLA VULGARIS – THE POWER ALGAE

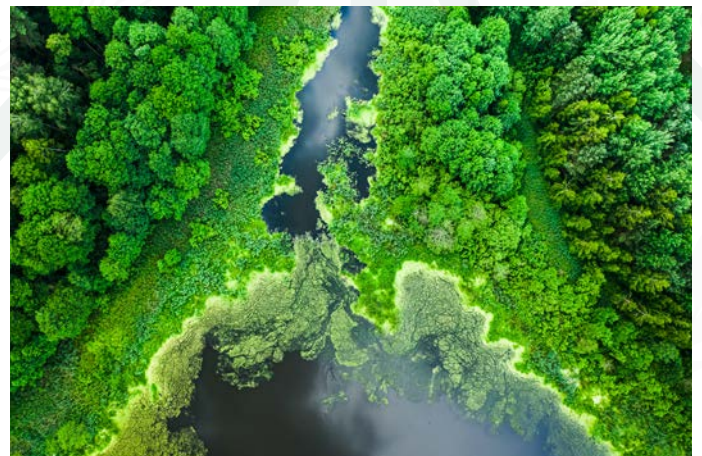

You have probably heard of this **FRESHWATER MICROALGAE**. It may be microscopically small, but it packs a punch – full of **CHLOROPHYLL**. This is the substance that gives plants their characteristic green color. It is also the substance that converts sunlight into pure **ENERGY**, allowing the plant to grow and produce life-giving oxygen.

This special algae has long been used as a food source and contains a wide range of **PLANT NUTRIENTS**, such as essential vitamins A, C, D, E, K, various B vitamins, as well as minerals like iron, magnesium, calcium, phosphorus, zinc, omega-3, polysaccharides, and plant-based amino acids. VITA CELL is composed 100% of this freshwater microalgae.

ORGANIC CULTIVATION – OUT OF LOVE FOR YOU AND NATURE

To meet your **HIGH STANDARDS**, we ensure careful cultivation and harvesting under strictly organic conditions. Naturally, without the use of pesticides, herbicides, or chemical fertilizers. The special tank cultivation in a closed water system in the sunniest regions of Southeast Asia guarantees the best water quality and **FREEDOM FROM CONTAMINANTS**. And the gentle spray drying ensures that the delicate plant substances are preserved.

VALUABLE DIETARY SUPPLEMENT for your **CONSCIOUS LIFESTYLE**.

LAVA – QUALITY

NATURAL PRODUCT: Carefully selected natural raw materials form the foundation of our LAVAVITAE products.

EXCEPTIONAL QUALITY: This is ensured through innovative formulations and high-quality processing under the highest quality standards.

POWER OF NATURE: We rely on the intelligence of nature and aim to maximize the avoidance of any additives and excipients.

LAVA TIP:

A well-functioning gut is the FOUNDATION for effectively absorbing essential nutrients. Daily stress, an unhealthy lifestyle, and the unavoidable burden of toxins on the body can negatively impact gut function and thus nutrient absorption.

Our medical product LAVA PURE helps RESTORE THE NATURAL FUNCTION of the intestinal wall barrier. This allows valuable NUTRIENTS from food and supplements to be better absorbed and utilized. That's why we recommend combining this dietary supplement with our medical product LAVA PURE.
